

The Gottman Institute

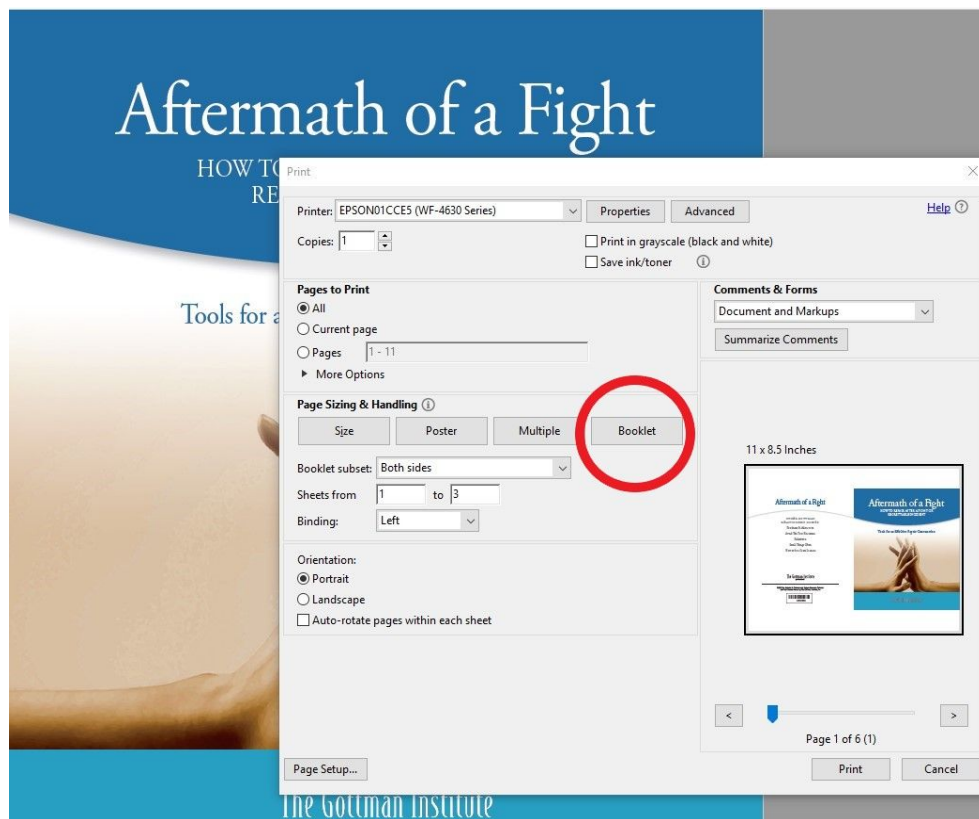

Booklet Printing Guide

Step 1: Open the file you're printing (file name should end with ".pdf") in a PDF-reading software of your choice.

Step 2: Locate and click the "Print" button or icon in the toolbar of your software.

Step 3: When the printing settings window opens up, locate the "Booklet" option and select it.

Note: Printing interface may vary depending on software.

Step 4: Click the "Print" button and enjoy your booklet!
